Re: **Wetland Permitting Plan**
44 Chequessett Road

Dear Members of the Commission,

On behalf of our client, Jesse Birnbuam, a revised Wetland Permitting Plan has been submitted for the referenced property. In response to comments made in a meeting on 3/27/2024 by the Commission, the following changes have been made:

- Invasive tree within the Bordering Vegetative Wetlands is now proposed to be removed.
- Note 2 has been added stating Inorganic material within the 25' Natural Vegetation Zone is proposed to be removed.
- A Pool Drain Basin has been added for pool discharge. Corresponding detail and note 3 has been added.
- Arrowwood has been replaced by Nannyberry.

We thank you for your attention to this matter. If you have any questions regarding this matter, please feel free to contact our office.

Respectfully,

Stamski and McNary, Inc.

Aidan Schlotman
