QUESTION 1

Shall this town approve the charter amendment proposed by the town meeting, as summarized below?

The proposed Charter amendment retains the representative Town Meeting form of government. Proposed changes include updates to conform more closely to existing state law; to reflect current municipal practice; and to simplify, clarify and modernize language. The proposed updates also include technical corrections.

Major changes include:

- The term “Majority Vote” would be defined to mean the “affirmative vote of a majority of those present and voting provided that a quorum of the body is present.”
- Publication of certain notices and public documents would also be made on the Town’s website.
- Removal of Town Meeting members would only be allowed after a member has been provided the opportunity to be heard.
- The composition of the committee responsible for appointing members to the Finance and Bylaw Committees would be revised to include a member of the Finance or Bylaw Committee, respectively, who is not in their last year of service or seeking reappointment.
- The Town Meeting referendum petition process would be updated to: (i) further define the roles of the Board of Registrars and Select Board; (ii) require that a special election on the referendum be called within 35 days (or such longer period as may be required by law) after the Select Board issues a call for the election; and (iii) make it explicit that, if a referendum petition lacks the requisite number of signatures, the Town Meeting vote that is the subject of the petition shall become effective.
- The process to recall an elected official would be revised to require an affidavit signed by 2% of registered voters, including 25 voters from each precinct. The Charter would also require that the affidavit include a detailed statement alleging a breach of the officeholder’s sworn responsibilities. The filing deadline for a recall petition would increase to 30 days following the date of the filing of the affidavit. Finally, recall petitions would require signature by at least 20% of the voters, provided, however, that not more than 20% of the signatures may be from voters registered in any one precinct.
- Provisions related to the removal of appointed board and committee members would be updated to: (i) define the phrase “appointing authority” to include the board or commission, Town Officer, or employee who exercises such appointment or removal power pursuant to law or otherwise obtained through delegation; and (ii) further clarify the notice and hearing timeline requirements.
- Town Counsel would be required to be in good standing and free of disciplinary actions.
- Membership on the Historical Commission and the Town Forest Committee would be set at 5 members.
- Provisions related to severance pay for the Town Manager would be removed. Qualification for appointment to the position would be amended to allow for candidates with three years of full-time paid experience as a City or Town Manager or Assistant City or Town Manager or with five years equivalent level of public or private sector experience. Additional amendments would clarify when the Select Board may appoint an Acting Town Manager.
- The Board of Selectmen would be renamed the “Select Board.”
- The Ombudsman would be renamed the “Constituent Services Officer.”
- Gender-neutral language would be used throughout.

Because certain types of Charter amendments are beyond the power of Town Meeting and the local voters, implementation of the Town Meeting’s proposal requires two separate processes. Only those sections that local voters have authority to consider are included in this Question. Those sections that are beyond the power of Town Meeting to recommend to the voters are being sent to the State Legislature in a request for a Special Act and are not included in this Question. The Special Act being sent to the State Legislature provides that the Special Act shall only take effect if the voters, at a local election, vote affirmatively on the Charter amendments proposed by the November 10, 2025 Special Town Meeting.

The filing deadline for a recall petition would increase to 30 days following the date of the filing of the affidavit. Finally, recall petitions would require signature by at least 20% of the voters, provided, however, that not more than 20% of the signatures may be from voters registered in any one precinct.
- Provisions related to the removal of appointed board and committee members would be updated to: (i) define the phrase “appointing authority” to include the board or commission, Town Officer, or employee who exercises such appointment or removal power pursuant to law or otherwise obtained through delegation; and (ii) further clarify the notice and hearing timeline requirements.
- Town Counsel would be required to be in good standing and free of disciplinary actions.
- Membership on the Historical Commission and the Town Forest Committee would be set at 5 members.
- Provisions related to severance pay for the Town Manager would be removed. Qualification for appointment to the position would be amended to allow for candidates with three years of full-time paid experience as a City or Town Manager or Assistant City or Town Manager or with five years equivalent level of public or private sector experience. Additional amendments would clarify when the Select Board may appoint an Acting Town Manager.
- The Board of Selectmen would be renamed the “Select Board.”
- The Ombudsman would be renamed the “Constituent Services Officer.”
- Gender-neutral language would be used throughout.

Because certain types of Charter amendments are beyond the power of Town Meeting and the local voters, implementation of the Town Meeting’s proposal requires two separate processes. Only those sections that local voters have authority to consider are included in this Question. Those sections that are beyond the power of Town Meeting to recommend to the voters are being sent to the State Legislature in a request for a Special Act and are not included in this Question. The Special Act being sent to the State Legislature provides that the Special Act shall only take effect if the voters, at a local election, vote affirmatively on the Charter amendments proposed by the November 10, 2025 Special Town Meeting.

QUESTION 1

Shall this town approve the charter amendment proposed by the town meeting, as summarized below?

The proposed Charter amendment retains the representative Town Meeting form of government. Proposed changes include updates to conform more closely to existing state law; to reflect current municipal practice; and to simplify, clarify and modernize language. The proposed updates also include technical corrections.

Major changes include:

- The term “Majority Vote” would be defined to mean the “affirmative vote of a majority of those present and voting provided that a quorum of the body is present.”
- Publication of certain notices and public documents would also be made on the Town’s website.
- Removal of Town Meeting members would only be allowed after a member has been provided the opportunity to be heard.
- The composition of the committee responsible for appointing members to the Finance and Bylaw Committees would be revised to include a member of the Finance or Bylaw Committee, respectively, who is not in their last year of service or seeking reappointment.
- The Town Meeting referendum petition process would be updated to: (i) further define the roles of the Board of Registrars and Select Board; (ii) require that a special election on the referendum be called within 35 days (or such longer period as may be required by law) after the Select Board issues a call for the election; and (iii) make it explicit that, if a referendum petition lacks the requisite number of signatures, the Town Meeting vote that is the subject of the petition shall become effective.
- The process to recall an elected official would be revised to require an affidavit signed by 2% of registered voters, including 25 voters from each precinct. The Charter would also require that the affidavit include a detailed statement alleging a breach of the officeholder’s sworn responsibilities. The filing deadline for a recall petition would increase to 30 days following the date of the filing of the affidavit. Finally, recall petitions would require signature by at least 20% of the voters, provided, however, that not more than 20% of the signatures may be from voters registered in any one precinct.
- Provisions related to the removal of appointed board and committee members would be updated to: (i) define the phrase “appointing authority” to include the board or commission, Town Officer, or employee who exercises such appointment or removal power pursuant to law or otherwise obtained through delegation; and (ii) further clarify the notice and hearing timeline requirements.
