### READING TOWN MEETING INSTRUCTIONAL MOTION FORM

Please print legibly and print exactly as you would like to present the Instructional Motion. This will become part of the permanent record of this Town Meeting and must be submitted to the Town Clerk and Moderator before Town Meeting.

Instructional Motion Number: \_\_\_\_\_ Date: Nov. 5, 2021

Instruction to: Select Board  
Board, Committee or Department

I, Bruce Mackenzie of Precinct 8 do hereby move that;

The Select Board should consider keeping a buildable house lot as a town asset, at the recently acquired lot #5 opposite 368 Grove Street, while also planning for parking, access to the Town Forest, and other uses. Specifically:

Ask Meadow Brook golf club, about acquiring a small area of unused land behind those lots, about 1/3 of a lot.

Adjust the boundaries of lot 5 for a more convenient layout, with parking on level ground near the street, and access to a trail toward the Town Forest.

Also, ask the owner of adjacent lots if they wish to trade land for a more convenient layout, such as a narrow parking area along the front of two lots, thus keeping parked cars further away from wetlands, with houses further back.
