READING TOWN MEETING MOTION TO AMEND FORM

Please print legibly and print exactly as you would like to present the amendment. This will become part of the permanent record of this Town Meeting and must be submitted to the Town Clerk.

Article Number: 12 Motion Number: _____ Date: November 8, 2020

I, John Sasso of Precinct 2 do hereby move that;

modify the wording of proposed section 7.10.3 to read as follows (end of first sentence):

"is hereby adopted and shall be applicable to the construction [REMOVE "or modification"] of all residential and commercial buildings."

Request removing the words "or modification" from the end of the first sentence in the paragraph.

Reason: Although current stretch energy code is not applicable to modification, the way this bylaw is written is that it would allow future versions of the code to become applicable without Town Meeting vote.

By allowing modification in our bylaw, we would then automatically allow that code update to become in effective without debate or vote.

Signature: John Sasso
