I'm a member of the 60+ Reading community and believe my life experience & background as an Occupational Therapist and a technology consultant, will provide an additional perspective on the COA. As an OT, I am very interested in occupation across the life span and hope to help those of us in the elder Reading community age well with effective and appropriate options. This is especially as a result of attending the ReCAL meeting at the Pleasant Street center. Thank you for your consideration.

Please outline relevant experience for the position(s) sought:

My most recent position was as an Affordable Housing Operations executive with Peabody Properties, where I oversaw 65 Affordable Housing communities, including 1 in Reading. These spanned Elderly/Disabled, Veterans, Family & FosterCare Youth graduates. My duties included all aspects of Operations, and I would welcome the opportunity to lend my experience, expertise and contacts to assist the staff at the Reading Housing Authority. I also have experience in Affordable Housing finance/funding-including Tax credit, HOME funds, HIF funds etc. Lastly, I have a deep love for the Reading community-I went to High School here and returned to raise my family here, so I am committed to the community's continued success and socio-economic diversity. Thank you for your consideration and happy to discuss further.

Thank you for considering my application for appointment to the Council on Aging.

I am a People Operations professional who started her career in Human Services, where I developed an interest in and care for the senior population. I worked in a direct care capacity with seniors after graduating from college, and I also spent some time working at Peter Sanborn place here in Reading several years ago. In addition, where my interests were truly sparked was in the period where I was responsible for end of life care for both of my aging parents. That was a period when seeking resourcing for my parents became an important part of my life, and a lot of learnings were gained in that time. I'd really enjoy the opportunity to bring that perspective to the Council on Aging. I am a person who cares deeply and brings logic and reason to decision making. I hope you will consider my application for the Council and I look forward to your response.
