Subject: RE: 459 Main Street

Andrew,

I have the following comments.

- Section 5.8
 - As in other building under construction in Town, we will not allow vehicles to be parked inside the garage until the fire protection system and CO system has been installed.
- Section 5.9
 - They shall develop a NFPA 241 site safety plan and submit for approval prior to the start of construction.
- Section 5.10
 - I would like more clarification on what the field office will be and what visitors they are referring to. As on other construction sites, non-construction personnel will not be allowed in the building until they have an occupancy permit. No sales or tours allowed on site.

If you have any questions or concerns please let me know.
