Subject: RE: 459 Main Street

Hi Andrew,

The developer is proposing to close the sidewalk along 476 Main Street. Further, public parking in front of existing businesses will also be impacted.

- Pedestrian access needs to be available along 476 Main Street at all times to allow for access to businesses and residences.
- An alternative material laydown area is preferred to allow for customer access to businesses and safe drop off for kids at Mathnasium (476 Main Street)
- Alternative materials laydown area could be privately negotiated between the developer property owner at the gas station across the street and/or for use of a portion of the McDonald's parking lot.
- Contractor parking could be located at the Bolton/Ash MBTA lot

Thanks,
Erin Schaeffer

Economic Development Director
